

ThomasNet Payment Services

A ThomasNet / 3Delta Systems Payment Services Partnership

2010 ThomasNet Merchant Program Pricing

The proposed pricing structure incorporates an unbundled approach which will allow the merchant to qualify for the correct interchange rate by card type. The Association Interchange, which varies by transaction processing criteria, along with the Association Assessments, would be passed through at the appropriately qualified rates based on the current Association schedules. Pass through charges are beyond our control and may change.

Bankcard Fees:

The 3Delta Bankcard Processing Fee of Interchange and Assessments in effect plus 28 basis points (0.28%) per Visa and MasterCard transactions.

| Visa Rates | Consumer Card Not Present | Consumer E-Commerce | Commercial Card Level 2 | Commercial Purchase Card - Level 3 |
|-------------------|----------------------------------|----------------------------|--------------------------------|---|
